

cream canvas lavender primary rose accent rose soft lavender light

Function inventory **Profile/Settings:** profile header with initials avatar (SR), name, role, bio, specialties
2 stat grid (active clients, births attended, rating, years active) settings list (Profile, Availability, Notifications, Privacy, Account) with toggle for notifications subscription card (Professional Plan, billing date, features) lead insights section (new leads, converted) tab bar. **Not in mockup on purpose:** profile photo upload (protected zone), account deletion flow, subscription upgrade/downgrade, notification preferences detail, privacy settings detail, help/support screen, onboarding flow, bio editing modal. **Reorganizes:** real app has separate Profile and Settings tabs; mockup consolidates into one screen per the s13s14s15 pattern. Lead insights appear on a dedicated Leads screen in the real app but are shown here as part of the Profile hub for the doula role.
