Lead Insights

New client inquiries this month

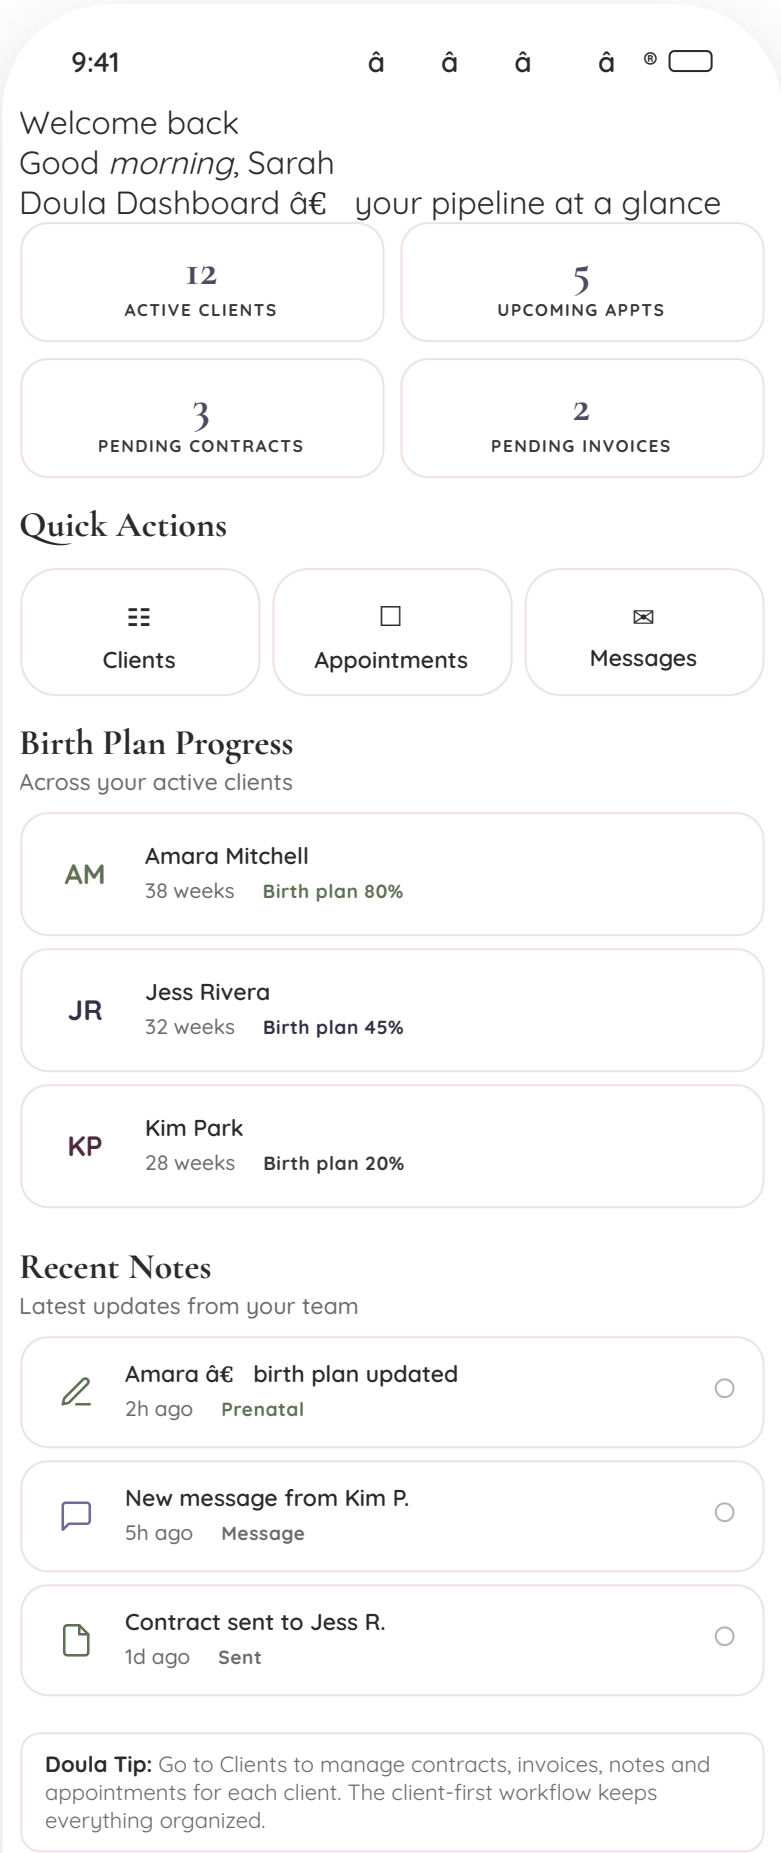

cream canvas lavender primary rose accent rose soft lavender light

Function inventory **Profile/Settings:** profile header with initials avatar (SR), name, role, bio, specialties
2 stat grid (active clients, births attended, rating, years active) settings list (Profile, Availability, Notifications, Privacy, Account) with toggle for notifications subscription card (Professional Plan, billing date, features) lead insights section (new leads, converted) tab bar. **Not in mockup on purpose:** profile photo upload (protected zone), account deletion flow, subscription upgrade/downgrade, notification preferences detail, privacy settings detail, help/support screen, onboarding flow, bio editing modal. **Reorganizes:** real app has separate Profile and Settings tabs; mockup consolidates into one screen per the s13s14s15 pattern. Lead insights appear on a dedicated Leads screen in the real app but are shown here as part of the Profile hub for the doula role.

- General

- Sep 22, 2026 2:30 PM

Prenatal visit #4 completed. Amara reports feeling good, energy levels stable. Birth plan review: updated preferences for pain management. Amara wants to add aromatherapy option.

Renée (Doula) Updated
- Sep 20, 2026 9:15 AM

Amara shared updated birth plan via app. Added preference for delayed cord clamping and partner presence during all decisions. Reviewed and confirmed.

Renée (Doula) Created
- Sep 15, 2026 11:00 AM

Prenatal visit #3. Amara's blood pressure normal, fundal height on track. Discussed signs of labor and when to call. Birth plan at 60%.

Renée (Doula) Created
- Sep 10, 2026 4:45 PM

Initial consultation completed. Amara and David met to discuss birth preferences. Client is interested in home birth with hospital backup. Contract sent.

Contract #CT-0042

Sep 1, 2026

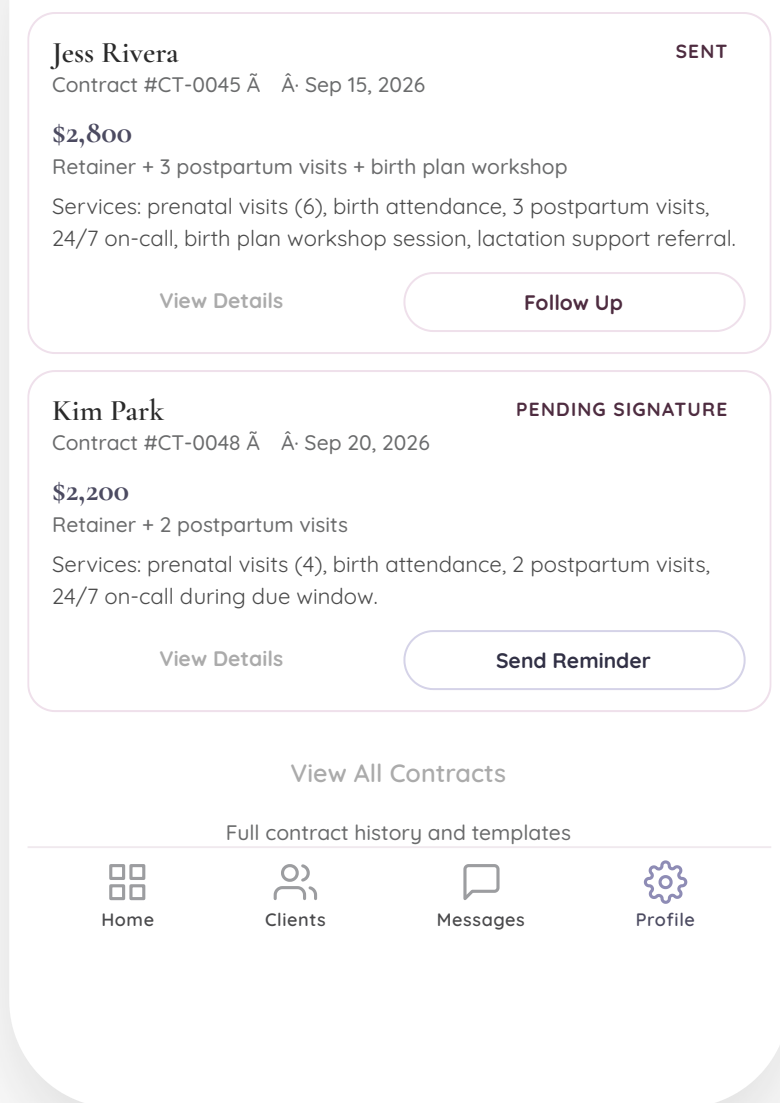

\$2,400

Retainer + 2 postpartum visits

Services: prenatal visits (4), birth attendance, 2 postpartum visits, 24/7 on-call during due window, birth plan support.

View Details

Re-send

cream canvas lavender primary rose accent rose soft lavender light

Function inventory Birth Plan Review: birth plan progress bar (80%) sectioned preferences (birth setting, labor, pushing, postpartum) special notes field per-client scoped view edit action. **Not in mockup on purpose:** clinical data fields (doula role has showClinicalData=false per DOULA_CONFIG), visit summaries (showVisits=false), birth summary (showBirthSummaries=false). **Reorganizes:** real app shows birth plan as a tab inside client detail hub; mockup gives it its own page for clarity.

Function inventory Notes: client-scoped note list (Prenatal/Birth/Postpartum/General categories) note entries with date, text, author filter chips add-note input scrollable list. **Not in mockup on purpose:** note creation modal (shown as inline input only), image attachment, note sharing with client, search across all notes.

Function inventory Contracts: contract list with status chips (Signed/Sent/Pending) contract cards showing client name, amount, services, status action buttons (View Details, Re-send, Follow Up, Send Reminder) "View All Contracts" link. **Not in mockup on purpose:** contract template management (separate Contract Templates screen), contract creation wizard, e-signature flow, contract duplication, PDF download, contract deletion.

AM Amara Mitchell 2m ago

Thanks for the check-in! Birth plan looks good. I've updated the preferences section.

JR Jess Rivera 1h ago

Hi! Just wanted to confirm our appointment for tomorrow. See you at 10am!

KP Kim Park 3h ago

Can we reschedule our appointment to next week? My schedule changed.

TN Tara Nguyen 5h ago

I have a question about my contract terms. Can you clarify the postpartum visit count?

ML Maya Lin 1d ago

Looking forward to our first meeting next week!
